

Alabama Medicaid Agency

Long Term Care Division

NURSING HOME PROGRAM

Target Group

Medicaid reimburses medically necessary nursing facility services for individuals in need of long term care institutional services.

Age Requirement

No age requirement

Financial Eligibility

Eligibility for nursing home care is determined by Medicaid's Eligibility Division based on established medical and financial criteria.

Covered Services

A nursing facility is an institution that primarily provides one of the following:

- Nursing care and services for residents who require medical or nursing care
- Rehabilitation services for the rehabilitation of injured, disabled, or sick persons
- Health care and services to individuals who require a level of care available only through institutional facilities
